20. How to discover the in-depth story of the saint of the day (ie. learn everything about their lives through digging online and working as a family to find more prayers, images, stories)

Practical Considerations

- 
- When possible resources should be offered in both written and video format
 - Consider finding parishioners who can translate to various languages or have an interpreter for ASL
 - You can ask families who are already doing this well to model and showcase, so you don't have to do it yourselves and families are sharing and witnessing to their faith

ONLINE/VIRTUAL GATHERING

21. Lead online/virtual Bible Studies & Bible Reflections
22. Lead online/virtual Stations of the Cross

ONLINE VIRTUAL SHARING

31. Share testimonies of priests, deacons, lay leaders and parishioners - put them online for people to see

38. Create a co-op forum for parishioners and your local community and allow people to share or trade goods and possibly even services (with all and as many precautionary and preventative measure in place)

39. Create some baskets with prayer cards, tissue box, wipes and have the priests drop it off at some families' homes - the sharing and dropping off at people's doorsteps can be shared online.

40. Utilizing your electronic bulletin could be a great way to share these last point, request the bulletin company to print fewer copies and focus on hopeful, catechetical and evangelizing content.

Practical Considerations

- 
- When doing this sharing, discern and consider when to share in "real time" or do a "prerecorded material"
 - You can ask the community to assist you with extra things or have them send you money to buy extra materials and serve the most vulnerable. (Most important needs in families lives - food, medicine and basic necessities)
 - Consider creating a "sharing your testimony page" and as clergy and staff share their testimonies, families, young adults and teens can share, too

OUTREACH IDEAS

41. Create a page on your website or using social media to support needs and those who can help
42. As all the other connections are being made, calls, check ins, etc., be sure to capture the needs and respond...and be sure to respond in some way, even with a follow up call if you're still figuring it out!
43. Coordinate volunteer groups at parish level: St Vincent de Paul Conference (or other parish service outreach group), Knights of Columbus Council, Movimientos apostólicos, prayer groups, etc. Consider forming a team at your parish who can coordinate receiving calls, documenting needs, and then responding/connecting to resources (those 65+ can do connection online, via phones, coordinate and those under 65 can do the same, plus do some of the ground outreach within CDC drop off guidelines, etc.
44. Young Adults: This is a time to put out a call to those who are under 65 healthy and able, within the **CDC and local guidelines**, to do outreach, connect with current parish ministry leaders for mentoring and training (E.g., one parish's SVDP is moving from pick up food distribution to package and hand out to cars, having young adults assist)
45. Redeploy staff and volunteers no longer needed in other areas that are 'paused'/'suspended' to reach out and connect to those isolated and in need.
46. Invite new volunteers to reach out to St Vincent de Paul Chapter or other parish Service/Outreach to be trained and geared up to assist with the increased needs.
47. Parish food pantries are an excellent supply line to parishioners in need. Keep these open and functioning - again, within CDC/Drop Off guidelines, etc. - so your parish can help meet the guidelines
48. Please remember those who were vulnerable before this outbreak are now even more so, especially those already isolated, shut ins, those who are homeless, migrants, hungry, in prison, trafficked, victims of violence, etc.
49. Demand for help for home-bound parishioners each with services, particularly food delivered safely by Knights of Columbus and other volunteers.
50. Remind and encourage all parishioners to fill out Census 2020 online and by mail. Go to my2020census.gov to start today! The public is welcome to telephone Census Questionnaire Assistance for support in multiple languages. Please find the telephone numbers here: [Click here](#).
